“I left my hometown Savarkundla, a small city in state of Gujarat, at the age of 17, with hopes of finding work in the city of dreams 'Mumbai' and started with a business of trading in dyes & chemicals, determined to build a future for myself & have a family of my own. I truly believe in simplicity, hard work & persistence irrespective of what odds are, as far as you are progressing, it doesn't matter what kind of steps, small steps or big ones, keep moving forward & never forgetting what my roots & values are.”
